

Call for Participants: Research investigating the experiences of women from Black Asian and Minority Ethnic who have experienced Postpartum Psychosis

**This study aims to understand the experiences of women from Black Asian and Minority Ethnic backgrounds who have experienced Postpartum Psychosis, in particular experiences of accessing care.**

Participation in this study would involve meeting with the researcher for a semi-structured interview lasting approximately 1 hour. There is no follow-on commitment. During the interview you will be asked some broad questions about your experience of postpartum psychosis and how you experienced accessing services at that time.

**Location**

- The researcher can meet you at a place that is convenient for you
- Alternatively interviews can be done via skype

**Are you eligible?**

- From a Black Asian or Minority Ethnic Background
- Can speak English
- Are aged 18 years over

*If you're unsure if you meet the requirements, would like to participate or just seek further information regarding the study please contact:*
